

2013 sessions

Living With and Beyond Cancer

An Evening of Resources, Support and Connection

Cancer can take a toll physically. It can also shake up your emotions, relationships, spiritual beliefs, finances and more. ***Cobie Whitten, PhD***

Providence Regional Cancer System invites you to a free information session to help you cope with the many aspects of cancer.

Cobie Whitten, PhD, has extensive experience working with cancer patients. As the session leader, she'll provide information, resources and support for people at all points along the cancer journey.

Patients, family members, friends and non-Providence patients are all welcome.
